FIERY SALAMANDERS
DESIRE TO BE SENT
FOR CONSUMING OF
RECORD OF SERPENT
AND HIS SEED

Beloved hearts, billions of fiery salamanders upon Earth have responded to the dictation of Astrea and Purity. We have summoned them. We have called them to the Holy Grail, for they desire to be sent by the Mother flame into the four corners of the earth for the consuming in the physical and the astral planes, in the mental and etheric planes of the record of Serpent and his seed.

GREAT DIVINE DIRECTOR
HAS SUMMONED US:
FIERY SALAMANDERS
DETERMINED TO CHECK
ACTION OF FALLEN ONES

The Great Divine Director has summoned us in the name of the Mother, and fiery salamanders stand to consume in the very depths of the earth the records of infamy, the records of death projected against the light of every child of God. Therefore the fiery salamanders are determined to check the action of these fallen ones, to burn the cause, effect, record, and memory of their gossip and gossip creations, their entities and discarnates and the entire web of darkness that they have spread abroad in the land against the holy innocents.

WE COME TO PROTECT
THE LITTLE CHILDREN

We come to protect the little children. In order to protect them we must come to those who are their parents and guardians, those who keep the flame of life in government, in the economy of the nations.

BY EDICT OF
LORDS OF KARMA,
WE SEND OUR LEGIONS
TO CONSUME ALL THE
GREAT LAW WILL ALLOW

We have come from out the Great Central Sun, and by the edict of the Lords of Karma we send our legions. We send them for the burning and the consuming of all that has held back life on Earth, all that the Great Law will allow.

Fiery salamanders infinite almost in number gather here and they form a mighty spiral of burning light all colors of the rainbow and the intense white fire; and this burning light establishes a vortex into which all that is to be consumed ere the Lord of the World delivers his address may be consumed.

WE SEND OUR
BLESSED SERVANTS INTO
AREAS OF ENTRENCHED
MATERIALISM

We have come to send these, our blessed servants, into those areas of entrenched materialism, entrenched forcefields determined to keep out the Word of the Great White Brotherhood and of their teachings from ever manifesting in the mainstream of life upon Earth.

FIERY SALAMANDERS
LEAD THE WAY;
THEN FOLLOW SYLPHS,
UNDINES, AND GNOMES

The fiery salamanders, then, lead the way this day; and the mighty sylphs follow with the breath, the sacred fire breath of the Holy Spirit; and the mighty undines for the purification of the river of life, for the mighty purity of the flame, of the flow of water out of the flow of the sacred fire; and the gnomes come for the purification of the earth body that once again life upon Earth might be sweet and safe for all of its evolutions.

SUMMON FIERY
SALAMANDERS EACH AND
EVERY DAY TO CONSUME
ALL RESIDUE, CAUSE,
EFFECT, RECORD,
AND MEMORY

We bid you welcome into the high and holy calling of summoning the fiery salamanders each and every day as you go forth, for whatever calls you make regarding disturbances in the Earth, I bid you now call fiery salamanders to come into action to consume all residue and the cause, effect, record, and memory that would burden still another generation and another, even after those fallen ones have been taken. The fiery salamanders serve with the violet flame angels.

Their cleansing is a very necessary part in the battle of Armageddon, for you deal with the records of war. In order to remove war from the Earth, millions of years of records of this vibration that has permeated other planetary bodies and solar systems must be erased.

You will see how they will even burn up out of the Earth those viruses and microbes, insidious manifestations of sub-microscopic level that actually are infesting the very minds and the center of free will in the temple of the children of God.

The fiery salamanders are so very close to the earth element, my beloved. They are the ones who can hold steadfast the mighty Flame of Life in the physical temple that is being invaded by the perversions of Atlantean scientists and put upon by all manner of psychotronic energy and psychic manifestations.

The fiery salamanders are capable of burning up instantly and on the spot all manner of discarnate entities causing the problems of alcoholism, drug addiction, and addiction to the sugar entity. The fiery salamanders simply must not be left out of your invocations.

WE COME TO RELEASE
THE LIGHT OF
HELIOS AND VESTA
AND THE MAGNET
OF THE CENTRAL SUN:
WELCOME THE
FIERY SALAMANDERS
INTO YOUR FORCEFIELD

We have come to release the light of Helios and Vesta and the magnet of the Central Sun. Now one of our band stands where you stand--if you will allow it and affirm it. They desire to enter even your physical body, to be where you are and there to burn for the remaining hours of this day and this year and decade. They desire to continue the spiraling light of the seven rays through your four lower bodies as you invoke the resurrection flame that they might truly render a service of incomparable magnitude to your lifestream.

Beloved ones, will you welcome the fiery salamanders into your forcefield now? (Audience responds: Yes!)...The fiery salamanders have leaped into position, and they will continue to make of your forcefield a mighty kindling torch for Earth.

FIERY SALAMANDERS
EXPRESS THEIR
GRATITUDE

The fiery salamanders express their gratitude to the messenger and the chelas for having made the invocations for the setting free of so many of their bands from the toils of the black magicians of the African continent and other places upon the Earth, including the Caribbean.

BE GRATEFUL FOR
ELEMENTAL LIFE

So be grateful for gratitude. Be grateful for the sacred fire. Be grateful for all elemental life, for the fiery salamanders are the leaders and wherever they go they must be followed by the balance of air, water, and earth. Thus it is that the four quadrants within you are sustained and the Cosmic Cross of White Fire is drawn.

WE SEND KING AND QUEEN
OF FIERY SALAMANDERS
INTO YOUR MIDST

We send the mighty king and queen of the fiery salamanders into your midst that you might behold their majesty in the sacred fire of the Threefold Flame.

INVOCATION FOR
CLEARANCE OF
FORCEFIELD OF
CHILDREN OF LIGHT

Blaze forth, fiery salamanders! Receive the welcome of the children of the light! Step now into their forcefield! Consume the record of impure desire and all imbalance in the four lower bodies! Consume the record, then, of all rebellion against the light! Consume all manifestations preceding any outer cropping up of the diseases that so easily beset the human race! I demand the rolling back of age and disease! I demand the rolling back of the advancing years and the signs of care and burden upon these souls! I demand the consuming now of every condemnation of the light within them! So be it.
