

## THE SOLAR RING

### by the God and Goddess Meru

We give to you as instruments of Light the sacred tool of the call for the electronic fire ring, which you may term the solar ring. As you visualize this ring of Light now around yourself and the cities and the nations, realize that its attribute is the balanced Light of Alpha and Omega holding the balance for great upheaval and turmoil in men's souls and even at the subconscious level....

Each time you call forth the solar ring into action, you call forth, therefore, the twin pillars of the twin flames of Alpha and Omega. These pillars therefore symbolize actually two shafts of Light that you must visualize in this dimension, in this proportion.... Understand that sustaining the action of the solar ring wherever it is established is the action of Alpha and Omega as repeated by the twin flames in the service of God.

Visualize within the solar ring the T'ai Chi of the Alpha/Omega. Therefore understand, within the circle of fire is the movement of the eternal circle, the circle of the serpent swallowing its tail. And therefore that very movement does hold the balance of the living Christ and will consume momentums of Antichrist, anti the God-harmony of the Great Central Sun come into the earth....

Drawing the circle of the solar ring demands that you have an accurate visualization of the very forcefield where it is drawn. This is the exercise of the third eye. The use of video and of maps and of drawings will assist. You may even make your own sketch; and then draw with your arm, with the index finger and the next, pointing, a circle of fire which you visualize as the brilliance of the sun shining on new-fallen snow.

This circle is a ring. It is not a globe or a sphere. It is like a wedding ring and has much the same action. It is the introduction of religion binding the soul to God—binding earth to the Great Central Sun Magnet.

Therefore, you begin with yourself and, as you draw it the first time, you give the call for the mighty tube of light to surround you. And you see the solar ring, therefore—and you can trace it over and again with both arms so that you have the reinforcement of the mind and the heart and the pointing of the direction by the twin flames manifest in your hands....

**In the name I AM THAT I AM,  
I stand the Son of God in the earth.  
Clothed upon with the Sun of Righteousness,  
I AM come with healing in my wings!**

**I AM the descending fire-light from my point of origin  
in the heart of God, in the heart of my own Mighty I AM  
Presence!**

**I stand now God-centered in my own Christ Self, and  
by the flame within my heart, I do now draw the solar ring  
around my forcefield as the base and foundation of my life  
in the earth and around \_\_\_\_\_ (Insert nation, city, person, or project.) \_\_\_\_\_ !**

You then draw this ring completely around, and reinforce it with the left hand after it is drawn with the right.

(Continued)

**I now call forth, in the invincible Word of the Logos I AM THAT I AM, my invincible tube of light established upon the platform of the solar ring for the sealing of my identity, my soul, my heart, and my mind within this mighty tube of light by the power of the solar ring—that I may go forth a son of God in the earth, using the power of seraphim for the protection of communities and nations and the earth body.**

**Therefore, in the name of Almighty God, in the name of the Father, the Son, the Holy Spirit, and the Mother, I do establish in this hour my tube of light for the sealing of my sonship to this Word and Work of the LORD and for the sealing of \_\_\_\_\_.**

[“Violet Fire and Tube of Light Decree,” 0.01—give once or three times.]

**In the name I AM THAT I AM, as a son of God standing in the earth, I therefore call forth the solar ring around my life, and I call forth concurrently the twin pillars of Alpha and Omega, Helios and Vesta, the seven mighty Elohim, the God and Goddess Meru, my own twin flame, Saint Germain and Portia, the mighty archangels and archeiai, and the messengers from the Sun.**

**In the name of Jesus Christ, I therefore seal myself in the Law and the flame of God Harmony and I call for the invincible protection of the legions of the first ray around this tube of light and around that solar ring. And I accept it done this hour in full power. Amen.**

... Understand that the effect of the establishment of the solar ring will be an alchemy unique for each and every person and circumstance, home, family, or community. For the solar ring is the manifestation of the Cosmic Christ....

I ask that you call specifically, when calling for nations and communities, that the solar ring be established around the Lightbearers who are qualified to keep the flame for that city or town or endeavor—and that the sustaining hosts of heaven might anchor the Light of balance and reinforce and strengthen, align and harmonize the four lower bodies of those who have already proven themselves to be the most advanced Lightbearers of that particular area or cause.
